VTC Built-in Hob Features

Residual Heat Indicator

Shows when the cooking zone is still hot, preventing accidental burns. Residual heat indicator concerns lingering heat after the hob is off.

Child Lock

Locks the controls to prevent accidental operation.

Safety Off

The hob automatically switches off when the set cooking time ends, ensuring safety and preventing overcooking.

Timer

Set exact cooking times for perfect results.

Keep Warm

Keeps dishes warm until you're ready to serve.

Booster

Provides a quick burst of heat for fast cooking.

Auto Heat Up

Heats up fast, then reduces automatically—so you won't forget to lower the heat, preventing burning.

Display Color

Easy-to-read display with color options for better visibility.

Play & Pause

Pause and resume cooking with a touch, preventing overcooking during interruptions.

Hot Surface Indicator

Alerts when the cooktop is too hot to touch, preventing burns.

Oval Dual Zones

Adapts to various pan sizes, ensuring even heat distribution for efficient cooking.
